Helping Education in North Carolina

Education beneficiaries received unprecedented support from the North Carolina Education Lottery in Fiscal Year 2011. Thanks to lottery dollars, the salaries for 3,731 teachers in grades K-3 were completely funded, 32,750 North Carolina students received college scholarships, 30,767 additional four year olds were able to attend the nationally recognized More at Four prekindergarten program and close to \$100 million was distributed to the 100 counties across the state to help fund school construction projects and pay down school bonds.

In the 2011 Fiscal Year, the lottery achieved \$1.46 billion in sales and transferred a total of \$446.9 million to the State of North Carolina, with \$419.47 million going to the Lottery's education beneficiaries and \$26.6 million being reallocated to Medicaid funding by the NC General Assembly during last year's budget crisis. This transfer of funds from 2011 brought the NCEL's total contribution to education to just over \$2 billion since our inception in 2006. We are extremely proud of this accomplishment.

As we move forward during these challenging economic times, the Legislature has the authority to adjust the allocation of lottery dollars each year in the state budget. A new distribution formula was created during the 2011 legislative session and went into effect July 1, 2011. Here is a comparison and breakdown of net proceeds as set by the legislature for the fiscal year 2012 budget, as compared to what was originally set forth in the North Carolina State Lottery Act (H. 1023) and the 2005 Appropriations Act (S. 622) GS§ 18C-164.

Changes in effect for lottery fund distribution

Today, a larger amount of lottery funds pay teachers' salaries, more than half of what the lottery raises for education.

Original Distribution of Funds
50% Teachers' Salaries & Prekindergarten
40% School Construction
10% Need-Based College Scholarships

Distribution of Funds for 2012
51.9% Teachers' Salaries
23.5% School Construction
14.8% Prekindergarten
7.2% Need-Based College Scholarships
2.5% UNC Need-Based Financial Aid

Statewide, through the end of fiscal year 2010-11, lottery funds have:

- Funded the salaries of 11,808 teachers in order to continue the goal of providing one teacher per 18 students in grades K-3
- Paid for 100,913 four-year-olds, judged "at risk" of starting school behind their peers, in the award winning More at Four program
- Provided \$711 million for 1,027 school construction projects across the state. In many counties, this money has helped to purchase land, build additions to schools, pay down school bonds and ultimately, keep property taxes lower for NC residents
- Provided college financial aid, on a need basis, to 123,827 students at colleges, universities and community colleges located here in NC. To receive an education lottery scholarship, the student must first qualify for the Pell Grant which is a federal grant available to students whose families cannot afford to pay for college.
