RALEIGH- It's not Monopoly™. It's Super Monopoly™. The North Carolina Education Lottery (NCEL) is introducing the nostalgia inspiring game with a special new feature along with two other instant scratch-off games. All three games will be in stores starting Tuesday, Dec. 1.

Super Monopoly™ is a “super” version of an old favorite. The \$5 game not only features the familiar mascot MR. MONOPOLY™, but offers players an opportunity to play the virtual Monopoly™ bonus board game on the official NCEL website at www.nc-educationlottery.org for more chances to win! The game has eight top prizes of \$100,000. In addition, players have a chance to enter three second chance drawings where there are cash

prizes and Monopoly™ branded merchandise prizes. For more details on the game and the drawings ask a lottery retailer for a how to play flyer, go to the NCEL official website noted above or call the player hotline at 1-877-962-7529.

The NCEL also is introducing a \$2 game called 24K. This game has ten top prizes of \$24,000 plus over 140,000 prizes from \$10 up to \$500. Players who scratch and reveal a “moneybag” symbol in the play area win double the prize shown.

Wild 7's Tripler is a \$1 game with 25 top prizes of \$2,000. In addition, it has over 130,000 prizes from \$5 up to \$250. Players who scratch and reveal two like prize amounts and a “7” symbol in the same spin win triple the prize shown.
